

# TREEORD:

## Software for Tree Ordinance Development

"TREEORD is a lifesaver! We've struggled with the ordinance for two years and with TREEORD we put one together in a month. Thank you."

Gerald Miller, Ely, Nevada

---

TREEORD is a new interactive software program that allows you to draft or rewrite a community tree ordinance that will meet the specific needs of your community. It contains more than 1,800 examples of text used in ordinances from communities throughout the U.S.A. Users select, write or edit text as they construct an ordinance.

- System requirements: Windows 95, Windows 98, Windows ME or Windows 2000 operating system
- 10 megabytes of disk space (for systems that do not have Access 2000 installed)
- 6 megabytes of disk space (for systems that have Access 2000 installed)
- Screen resolution of 800x600 pixels using small fonts
